VISA STATUS

AUSTRALIAN PERMANENT RESIDENT VISA

PROFILE

I'm a junior data analyst with a background in IT and Engineering.

I recently completed the Data Science immersive course at General Assembly where I gained experience in using a variety of data mining/data analysis methods using a variety of data tools including SQL,tableau, python and machine learning algorithms.
 I'm looking for a role in a supportive team where I can help solve real world problems

 I'm looking for a role in retail,consulting and finance industry.

EXPERIENCE

Capstone project(Predicting visa decision) At General assembly -SYDNEY,2018

- This project is to predict the visa decision for US permanent visa
- I worked on binary Classification problem.
- I created machine learning algorithms such as: Decision Tree,Random Forest,Gradient Boosting to analyse which features contributed to predicting visa outcome.

COLES EXPRESS
(Sydney,2012 TO 2015)and(Canberra,2015 TO 2018)
Customer service Representative.

EDUCATION

GENERAL ASSEMBLY
DATA SCIENCE COURSE FULL TIME IMMERSIVE COURSE-2018

UNIVERSITY OF SOUTHERN QUEENSLAND
MASTER OF INFORMATION SYSTEM, 2012 TO 2014

SKILLS
DATA ANALYST

- PYTHON
- MACHINE LEARNING
- SQL
- DATA ANALYSIS
- TABLEAU
- MAT-PLOT LIB
- SEABORN
- GITHUB

TESTING
MANUAL AND SELENIUM AUTOMATION TESTING USING DATA DRIVEN,KEY WORD AND HYBRID FRAMEWORK

REFERENCE

Srikanta Patra
Data Science Instructor
General Assembly

Dr Lloyd Peters
 Managing Director
